250 HP Mercury 4.5L B3 Sterndrive Data Not Yet Available

This information is provided for comparison purposes and is intended to show relative performance between different boats and engine options. A specific boat's performance will be affected by water and weather conditions, altitude, condition of boat, actual load, engine and propeller. Engine performance data is based on boat in cruise load weight condition. Cruise load weight condition consists of boat with typical options, full tanks, all safety gear, two passengers and typical storage. Cruising range based on cruise speed at cruise load with 10% fuel reserve at rated range.
